The Singer Story Kevin Atkinson 2016-03-24 Here is the definitive history of one of Britain's oldest, most important and influential car manufacturers. George Singer started building bicycles in Coventry in 1874 and by 1905 his company was building cars and motorcycles too. Later the company would concentrate on the manufacture of cars and commercial vehicles, bringing great success in sales and motorsport until, in the early 1950s, things began to go wrong. By 1955 Singer was absorbed into the Rootes Group and slowly lost its distinctive identity. In 1970 the last car to carry a Singer badge was built - marking the end of the great Coventry marque and hammering another nail into the coffin of Britain's once great motor industry. Thoroughly researched and with over 300 photos this is an important piece of automotive history.

The Longest Ride Emilio Scotto 2013-12-08 For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told. Come along, for the ride of a lifetime.

Historical Dictionary of Malaysia Ooi Keat Gin 2017-12-18 Malaysia is one of the most intriguing countries in Asia in many respects. It consists of several distinct areas, not only geographically but ethnically as well; along with Malays and related groups, the country has a very large Indian and Chinese population. The spoken languages obviously vary at home, although Bahasa Malaysia is the official language and nearly everyone speaks English. There is also a mixture of religions, with Islam predominating among the Malays and others, Hinduism and Sikhism among the Indians, mainly Daoism and Confucianism among the Chinese, but also some Christians as well as older indigenous beliefs in certain places. This second edition of Historical Dictionary of Malaysia contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Malaysia. Delage : France's Finest Car Daniel Cabart 2007 To connoisseurs of fine automobiles the name Delage uniquely combines performance and elegance, symbolising luxury and the fine French taste that is summed up in the simple phrase 'La Belle Voiture Française' ? ?The most beautiful French car?. This long awaited book ? the first comprehensive history of Delage ever published in the English language ? reveals that such a reputation is only achieved by unrelenting enthusiasm and effort. -- 'Keep it simple, make it strong,' was the guiding principle of Louis Delâge when he founded the company bearing his name in 1905. Surrounding himself with a gifted team of associates, he rapidly gained the commanding heights of the French motor industry, simultaneously triumphing in the leading concours d'elegance and on the race tracks of the world. When the financial crisis of the 1930s arrested its meteoric progress, the Delage marque continued to flourish under the sheltering wing of Delahaye, and survived honourably for a further twenty years, outliving most of its competitors.

Croz Larrikin Kiwi Biker Graeme Crosby 2012-02-01 The Larrikin Kiwi Biker tells his story. In 1979 Graeme Crosby arrived in Britain with his worldly possessions in a carry-bag. His racing suit draped over his left shoulder, a scratched helmet in his right hand and just £150 in his wallet, he was ready to take on the world. I lifted up my cracked UV visor with my thumb. 'Which way does the track go and what's the lap record?' I called out over the noise of the valve gear rattling and clanging between my legs. the flag marshal's eyebrows raised in disbelief. I could see him muttering, 'And who the hell do you think you are - Mike Hailwood?' Four years later 'Croz', as he is affectionately known to millions of fans, walked away from the glamour of world championship Grand Prix racing, taking with him a bag full of trophies and his ever-present sense of humour. In that short time he had achieved more than most riders could ever hope for in a lifetime of racing. Become his pillion passenger as he takes you on a fast and furious journey from the grassroots of New Zealand motorcycle racing through Australia, Japan, the UK and Europe. Experience with him the crashes, the pain, the elation of winning and the international controversies. While the politics, boycotts and tragic fatalities make enthralling reading, the common thread is his determination to enjoy life and have fun. And win a few world championships.
