Retronesia Tariq Khalil 2017-12 Retronesia: The Years of Building Dangerously is the first must-have guide to Indonesia's most creative architectural period. Be inspired by the beauty and verve of 1950s and 60s Indonesia when professional architects were a rarity, but the talent pool was overflowing with adventurers. At a time when retro style revival has never been more popular, Retronesia cuts through cultural amnesia to celebrate virtually unknown treasures of mid-century Modernism across the archipelago. This style atlas - systematically examines the cultural and political forces shaping design during 1950 to mid-1960s Indonesia - providing readers with over 50 curated destinations. Going beyond a travel guide, Retronesia has crafted oral histories into bite sized biographies to provide compelling accounts of public life and ambition. Carefully photographed, surviving examples cover the world of work, rest and play from classic public housing, futurist state institutions, once luxury townhouses and villas to the faded glamour of volcanic hill station retreats. Retronesia is an unmatched resource for anyone wanting to see and do more with their travels in Indonesia.

Arrest-Proof Yourself Dale C. Carson 2013-11-01 This essential "how not to" guide explains how to act and what to say in the presence of police to avoid unnecessary arrests for petty offenses or mistakes in judgment that can lead to permanent disqualification from jobs, financing, and education. From what to do if a cop asks to search the car to dealing with a racial slur or how to handle a roach in the ashtray, this handbook details the nuances of dealing with the police. This revised and expanded edition of Arrest-Proof Yourself includes more than 100 pages of new information to reflect changes in police technique and "proactive policing." More than 50 pages are dedicated to weaponry—including how to legally own and handle guns and knives and which firearms to use for self-defense—and updates examine topics such as the current surveillance state and the ability of police to track movements and activities using data drawn from cell phones and computers. Sprinkled with not only moral outrage but also the weird humor that permeates law enforcement, this urgent, eye-opening exposé has stories from 30 years of case files, making it the go-to guide to police procedures for all Americans.

The Mindfulness Workbook for OCD Jon Hershfield 2020-12-01 If you have obsessive-compulsive disorder (OCD),

you might have an irrational fear of being contaminated by germs, or obsessively double-check things. You may even feel like a prisoner, trapped with your intrusive thoughts. And while OCD can have a devastating impact on your life, getting real help can be a challenge. Combining mindfulness practices with cognitive-behavioral therapy (CBT), *The Mindfulness Workbook for OCD* offers practical and accessible tools for managing the unwanted thoughts and compulsive urges that are associated with OCD. With this workbook, you will develop present-moment awareness, learn to challenge your own distorted thinking, and stop treating thoughts as threats and feelings as facts. This fully revised and updated second edition also includes new meditations, information, and chapters on emotional and mental contamination, existential obsessions, false memories, and more. If you're ready to take back your life back from OCD—and start living with more joy in the moment—this workbook has everything you need to get started right away.

The Angel Uri Bar-Joseph 2016-08-02 A NETFLIX ORIGINAL MOVIE THE BEST INTELLIGENCE BOOK for 2017 by The American Association of Former Intelligence Officers A gripping feat of reportage that exposes—for the first time in English—the sensational life and mysterious death of Ashraf Marwan, an Egyptian senior official who spied for Israel, offering new insight into the turbulent modern history of the Middle East. As the son-in-law of Egyptian president Gamal Abdel Nasser and a close advisor to his successor, Anwar Sadat, Ashraf Marwan had access to the deepest secrets of the country's government. But Marwan himself had a secret: He was a spy for the Mossad, Israel's intelligence service. Under the codename "The Angel," Marwan turned Egypt into an open book for the Israeli intelligence services—and, by alerting the Mossad in advance of the joint Egyptian-Syrian attack on Yom Kippur, saved Israel from a devastating defeat. Drawing on meticulous research and interviews with many key participants, Uri Bar Joseph pieces together Marwan's story. In the process, he sheds new light on this volatile time in modern Egyptian and Middle Eastern history, culminating in 2011's Arab Spring. *The Angel* also chronicles the discord within the Israeli government that brought down Prime Minister Golda Meir. However, this nail-biting narrative doesn't end with Israel's victory in the Yom Kippur War. Marwan eluded Egypt's ruthless secret services

for many years, but then somebody talked. Five years later, in 2007, his body was found in the garden of his London apartment building. Police suspected he had been thrown from his fifth-floor balcony, and thanks to explosive new evidence, Bar-Joseph can finally reveal who, how, and why.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt
Communities, Livelihoods and Natural Resources International Development Research Centre (Canada) 2006 This book synthesizes results from a 7-year programme of applied research on community-based approaches to natural resource management in Asia. By presenting field reports of innovative approaches to poverty reduction and sustainable resource use, it provides practitioners with models of "good practice" in participatory, community-based resource management, and it demonstrates how site-based research contributes to broader learning in the field of natural resource management and policy. There are 11 case studies featured, from some of the most marginal areas of rural China, Mongolia, Laos, V.

Travels Through History - France Julian Worker 2019-07-16 The south-eastern part of France has an abundance of historical interest. From the Roman theatres of Arles and Orange to the Cathar castles in the foothills of The Pyrenees there is much to see and remember. There are mysteries too. Why would the Roman Catholic Church create a crusade against the Cathar 'heretics' when these people were following such a devout life? How did the Romans build the Pont du Gard so quickly as part of a 40-mile water channel to provide water to Nimes? What did Bérenger Saunière discover in Rennes-le-Chateau that made him so wealthy? Added to the history and the mystery are a host of natural wonders, beautiful scenery, and familiar names appearing in unfamiliar places.

Wheat Quality For Improving Processing And Human Health Gilberto Igrejas 2020-03-17 Wheat Quality for Improving Processing and Human Health brings together an international group of leading wheat scientists to outline highly relevant and diverse aspects and the latest advances in understanding of the world's most consumed cereal. Topics covered include LMW glutenins, starch-related proteins, and the impact of processing on composition and consumer health. Individual chapters focus on important factors such as FODMAPs, protein structure, dough viscoelasticity and fumonisins. The environmental effects on allergen content are comprehensively covered, as are phenolic compounds and molecular markers. The major quality screening tools and genetic resources are reviewed in depth. Gluten is a major focus of this work with chapters dedicated to health effects, analytical methods and standards, proteomics and mutant proteins. Starting in 2015, wheat quality scientists from across the globe have united to develop the Expert Working Group for Improving Wheat Quality for Processing and Health under the umbrella of the Wheat Initiative. This joint effort provides a framework to establish strategic research and organisation priorities for wheat research at the international level in both developed and developing countries. This Expert Working Group aims to maintain and improve wheat quality for processing and health under varying environmental conditions. The Group focuses on a broad range of wheat quality issues including seed proteins, carbohydrates, nutrition quality and micronutrient content, grain processing and food safety. Bioactive compounds are also considered, both those with negative effects such as allergens and mycotoxins, and those with positive effects such as antioxidants and fibre. The Group also works in the development of germplasm sets and other tools that promote wheat quality research. Wheat quality specialists working on the wheat value chain, and nutritionists will find this book a useful resource to increase and update their knowledge of wheat quality, nutrition and health issues.

Diasporas Kathleen Newland 2010 Diasporas play an increasingly prominent role in discussions on foreign assistance and development policy. Governments of migrant-sending countries are working to attract both the talents and resources of emigrants and their descendants while governments of aid-sending countries hope to improve the outcomes of development assistance by engaging the talents and expertise of diasporas.

Independently of governments, many diaspora groups or individuals recognize profitable opportunities in their homelands or contribute their time, talents, and resources to improving the quality of life there. This volume examines the development impact of diasporas in six critical areas: entrepreneurship, capital markets, "nostalgia" trade and "heritage" tourism, philanthropy, volunteerism, and advocacy. It is the result of research commissioned by the U.S. Agency for International Development's Office of Poverty Reduction, Diaspora Networks Alliance.

Contributors include Roberto Munster, Hiroyuki Tanaka, Carlyanna Taylor, and Aaron Terrazas.

Gender and the Environment Building Evidence and Policies to Achieve the SDGs OECD 2021-05-21 Gender

equality and environmental goals are mutually reinforcing, with slow progress on environmental actions affecting the achievement of gender equality, and vice versa. Progress towards the Sustainable Development Goals (SDGs) requires targeted and coherent actions.

Harm Reduction Psychotherapy Andrew Tatarsky, PhD 2007-06-10 Harm reduction is a framework for helping drug and alcohol users who cannot or will not stop completely_the majority of users_reduce the harmful consequences of use. Harm reduction accepts that abstinence may be the best outcome for many but relaxes the emphasis on abstinence as the only acceptable goal and criterion of success. Instead, smaller incremental changes in the direction of reduced harmfulness of drug use are accepted. This book shows how these simple changes in emphasis and expectation have dramatic implications for improving the effectiveness of psychotherapy.

The 2015 edition of the code includes information on public toilet facilities, as well as water temperature limiting devices, and replacement water heater installation. Using both prescriptive- and performance-related specifications, this code provides comprehensive minimum regulations for a variety of plumbing facilities, facilitating the design and acceptance of new and innovative products, materials, and systems.

Guidebook for Airport Irregular Operations (IROPS) Contingency Planning J. Michael Nash 2012 ACRP Report 65: Guidebook for Airport Irregular Operations (IROPS) Contingency Planning is a practical guidebook for commercial passenger service airports of all sizes to develop, continually evaluate, and update their contingency plans for procedures pertaining to IROPS that may cause significant disruptions to customers. This guidebook assists

aviation system partners in improving their response to customer care during a broad array of IROPS conditions and with step by step templates for the preparation of contingency plans that include necessary communications, collaboration, and coordination to address customer needs. A specific focus on the needs of smaller airports has been included in the development of the guidebook.

Instrument Procedures Handbook Federal Aviation Administration (FAA) 2016-10-24 This handbook supersedes FAA-H-8261 -16, Instrument Procedures Handbook, dated 2014. It is designed as a technical reference for all pilots who operate under instrument flight rules (IFR) in the National Airspace System (NAS). It expands and updates information contained in the FAA-H-8083-15B, Instrument Flying Handbook, and introduces advanced information for IFR operations. Instrument flight instructors, instrument pilots, and instrument students will also find this handbook a valuable resource since it is used as a reference for the Airline Transport Pilot and Instrument Knowledge Tests and for the Practical Test Standards. It also provides detailed coverage of instrument charts and procedures including IFR takeoff, departure, en route, arrival, approach, and landing. Safety information covering relevant subjects such as runway incursion, land and hold short operations, controlled flight into terrain, and human factors issues also are included.
