Origins Denise Boiteau 1989 A comprehensive survey of the history of Canada from Native American settlement to the completion of the Canadian Pacific Railway in 1885. Chapters: "A New World", "The First Nations", "Lost Civilization", "The First Europeans".

Sport and Recreation in Canadian History Carly Adams 2020-05-28 "Sport and Recreation in Canadian History is a comprehensive textbook which provides an examination of events, documents, and pivotal moments that contributed to the development of sport in Canada. Content ranges from indigenous recreation, and the integration of British culture. It moves to the emergence of organized sport and national sport organizations, and their impact on how sport is viewed across the country. Amateur and professional sport is covered in detail and finally the globalization of Canadian sport and its expansion and position on the international stage"--

History of Canadian Wealth Gustavus Myers 2004-09 An account of the development of Canadian industry. Myers lays bare the corruption, swindling, land deals, bribery that are the basis of Canadian history. The heroes of other history books come out looking quite different. The Canadian Pacific Railway, Hudson's Bay Company, Lord Selkirk, John A MacDonald, Laurier - all fall under Myers's scrutiny, and the facts he records about them are startling. Contents include: The Quest of Trade and New Sources of Wealth; The Ecclesiastical and Feudal Lords; The Hudson's Bay Company; Wars of the Fur Traders and Companies; The Landed and Mercantile Oligarchy; The Landed Proprietors; Revolt against Feudalism; Sovereignty of the Hudson's Bay Company; Passing of the Hudson's Bay Company's Sovereignty; Inception of the Railroad Power; First Period of Railway Promoters; Contest for the Pacific Railway; Era of Railway Magnates; Progress of the Railway Lords; Extension of Railway Possessions; Appropriation of Coal, Timber and Other Lands; and Distribution of Railway Subsidies. Gustavus Myers (1872-1942) was an American historian who worked on a number of newspapers and magazines in New York City, joined the Populist party and the Social Reform Club, and was a member (1907-12) of the Socialist party. Such books as The History of Tammany Hall (1901), History of the Great American Fortunes (1910), and History of the Supreme Court of the United States (1912) were detailed, realistic exposes through which Myers made his reputation in the muckraking era of American literature.

The Order of Canada Christopher McCreery 2005-01-01 In 1966, a project to create a national honour for Canadians was begun. The first recipients of the Order of Canada were announced a year later, and in the nearly forty years since, the Order has become a symbol familiar to, and respected by, people from across the country. The spirit that motivates the Order of Canada - celebration, inclusion, and democracy - was born of the memories of Canada's earlier experience with honours. From initial distrust and misunderstanding to the awakening of a national identity, the development of the Order reflects the relationship Canadians have with their country, their government, their culture, and their heroes. The Order itself is a product of national identity, politics, and history, reflected by the significance of its recipients' accomplishments. Indeed, the Order's history is as fascinating as the more than 4000 Canadians who have received it. This first book-length history of the Order of Canada - and first major work on Canadian honours - by Christopher McCreery is a celebration of the Order and a close examination of its unique design and various early incarnations. McCreery provides both a history of the Order's beginnings and a more general overview of trends in Canadian honours. Extensively illustrated

with never-before-published photographs, *The Order of Canada: Its Origins, History, and Developments* pays tribute to the individuals who felt the need for a system of recognition for Canadians.

A Concise History of Christianity in Canada Terrence Murphy 1996 Organized along linguistic rather than denominational lines, it emphasizes the common experiences of the churches and the profound impact that Christianity has had on both French- and English-Canadian society and culture. Alongside the institutional development for the churches and the work of the clergy, it examines the religious outlook and practices of the laity, and how these have varied with gender, ethnic affiliation, and class; relations between denominations; missionary efforts, especially among the First Nations, and the responses to them; and the complex interactions between church and state.

Canada at War Paul Keery 2012 In 1914, Canada went to war as a subject of Britain. In 1939, it made the choice to fight all on its own. *Canada at War* follows the developments and setbacks, wins and losses, of a nation learning to stand up for itself under the toughest possible conditions: in the midst of the most difficult war of the twentieth century. In graphic-novel format, fully illustrated and in full colour, *Canada at War* shows the growth of a nation's army, navy, and air forces through movingly depicted triumphs and tragedies. From the disheartening losses at Dieppe and Hong Kong through the Battle of the Atlantic and the invasion of Sicily, it focuses on the human dimension of the key battles and decisions that ultimately swung the war in the Allies' favour. This moving, graphic account ends, after the victories of D-Day and Juno Beach and the liberation of Europe, with a final reckoning of the legacy these storied years have had on a country forged through war. Aimed at a general audience of both adults and young adults, this very human history tells the stories behind some of this country's most distinguishing military moments.

A History of Canada, Dominion of the North Donald Grant Creighton 1958

A History of Canada in Ten Maps Adam Shoalts 2017-10-03

A Traveller's History of Canada Robert Bothwell 2010-05-06 This historical book on Canada gives a survey of the country's past from the times when immigrants traveled across its lands over 15,000 years ago from Siberia to Alaska. It is then brought up to date with a profile of modern Canada, its successes, present difficulties and a prognosis for the future. Maps and line drawings.

A History of Journalism in Canada Wilfred H. Kesterton 1967

Canada CBC 2002 How can we know where we're going if we don't know where we are coming from? This question applies as much to nations as it does to travellers, and it rings especially loudly in the ears of Canadians. *Canada: A People's History* doesn't tell us where we are going, but it shows us where we have come from. This richly illustrated book, the first of two volumes, tells the epic story of Canada from its earliest days to the arrival of the industrial age in the 1870s. Here is the story of the people who created this vast nation. The courageous explorers who tracked the vast wilderness; the adventurous settlers, many of them exiles from their homelands; the native peoples, crucial allies in the Europeans' wars for possession of this land; the visionary politicians, and the shortsighted ones; but most of all the ordinary people who rose to the extraordinary challenge of building Canada. These people are all given voice here, their stories blending with accounts of the major events of the day. This is the story of Canada for the new millennium, one that draws on solid scholarship and presents the human drama and excitement of days gone by, one that makes past times memorable. From the Hardcover edition.

A History of Law in Canada, Vol. 1 Philip Girard 2018-01-01 *A History of Law in Canada* is the first of two volumes. Volume one begins at a time just prior to European contact and continues to the 1860s, while volume two will start with Confederation and end at approximately 2000. The history of law includes substantive law, legal institutions, legal actors, and legal culture. The authors assume that since 1500 there have been three legal systems in Canada - the Indigenous, the French, and the English. At all times, these systems have co-existed and interacted, with the relative power and influence of each being more or less dominant in different periods. The history of law cannot be treated in isolation, and this book examines law as a dynamic process, shaped by and affecting other histories over the long term. The law guided and was guided by economic developments, was influenced and moulded by the nature and trajectory of political ideas and institutions, and variously exacerbated or mediated intercultural exchange and conflict. These themes are apparent in this examination, and through most areas of law including land settlement and tenure, and family, commercial, constitutional, and criminal law.

A Hoser's Guide to Canadian History Kirt Purdy 2016-03 The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so

much more! To be honest, you've probably taken part in (or at least talked about) hockey, poutine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Slurpees, moose, maple syrup, and Tim Hortons in the last 24 hours. "A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.

A Social History of Canada George Woodcock 1989

The Untold History of Canada Richard Saunders 2019-05-10 In this third volume of the series, we introduce the story of several leading nation builders of the 20th century whose lives and struggle have been obscured by establishment historians. We document for the first time in one location the interconnected networks of B.C.'s Premier W.A.C. Bennett, Canada's "Minister of Everything" C.D. Howe, Prime Minister John Diefenbaker, and Quebec's Premiers Maurice Duplessis, Paul Sauve and Daniel Johnson who were all aided by republican leaders of America and France during the post WWII period. These figures conducted a battle with the Rhodes Scholar-infested networks which have come to be known as the Deep State in our modern era, and in spite of their limitations, these figures all distinguished themselves by their genuine patriotism and love of scientific and technological progress. Providing an additional dimension to this story of Canada's untold history, researcher Richard Saunders has contributed a chapter entitled "The Ugly Truth of General Andrew Macnaughton". This important research ties into the Canadian aspect of the assassination of John F. Kennedy and sabotaging of the great North American Water and Power Alliance in a surprising manner as the myth of the heroic Macnaughton is put to rest.

Canadian Education Robert M. Stamp 1970 For Canadian teachers and school administrators.

The Kids Book of Black Canadian History Rosemary Sadlier 2010-08 This title in the acclaimed Kids Book of series covers an often-overlooked part of Canada's rich and vibrant history.

Canada and the British Empire Phillip Alfred Buckner 2008 Canada and the British Empire traces the history of Canada within the wider context of British imperialism. Exploring themes such as migration, gender, imperial law, and aboriginal experiences, it sheds new light on the creation of Canada and the country's critical role in the evolution of the Empire.

A Little History of Canada H. V. Nelles 2011 Throughout his lively and opinionated history, award-winning author H.V. Nelles takes us on a whirlwind tour of the Canadian land and inhabitants from the earliest human occupation to the present. Canada's enduring theme, he argues, is transformation. The country has undergone several fundamental changes-from Aboriginal occupation, to French and British colonization, to the rise of an independent nation-and it is doing so yet again. Fully revised throughout, the second edition includes a new chapter that unpacks the challenges Canada has faced in the twenty-first century, from Canada-US relations post 9/11 to the geographical consequences of global warming. Canada Don Gillmor 2001 Volume 1 Canada History.

History of the Book in Canada: 1840-1918 History of the Book in Canada Project 2004-01-01 This second of three volumes in the History of the Book in Canada demonstrates the same research and editorial standards established with Volume One by book history specialists from across the nation.

The History of Canada John Mercier McMullen 1868

Rise to Greatness Conrad Black 2014-11-11 Masterful, ambitious, and groundbreaking, this is a major new history of our country by one of our most respected thinkers and historians -- a book every Canadian should own. From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada -- a revealing, groundbreaking account of the people and events that shaped a nation. Spanning 874 to 2014, and beginning from Canada's first inhabitants and the early explorers, this masterful history challenges our perception of our history and Canada's role in the world. From Champlain to Carleton, Baldwin and Lafontaine, to MacDonald, Laurier, and King, Canada's role in peace and war, to Quebec's

quest for autonomy, Black takes on sweeping themes and vividly recounts the story of Canada's development from colony to dominion to country. Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness, the opposite is in fact true: the emergence of a magnificent country, against all odds, was a remarkable achievement. Brilliantly conceived, this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today.

The Pelican History of Canada Kenneth McNaught 1969 Traces the political, social, and economic development of this vast country from the first European settlements to the contemporary movement by French-Canadians to create a separate nation-state

The Illustrated History of Canada Robert Craig Brown 2002 The latest version of Canada's bestselling one-volume history of Canada. The Illustrated History of Canada is the first, and remains the only comprehensive, authoritative one-volume history of the nation. Seven of Canada's leading historians have contributed insightful essays and, with hundreds of engravings, lithographs, cartoons, maps, posters and photographs, The Illustrated History of Canada is a sweeping chronicle of Canada from its earliest times to recent news.

The Canadian Prairies Gerald Friesen 1987-01-01 A history of the Canadian prairie provinces from the days of Native-European contact to the 1980s.

A History of Canadian Fiction David Staines 2021-07-31 A History of Canadian Fiction is the first one-volume history to chart its development from earliest times to the present day. Recounting the struggles and the glories of this burgeoning area of investigation, it explains Canada's literary growth alongside its remarkable history. Highlighting the people who have shaped and are shaping Canadian literary culture, the book examines such major figures as Mavis Gallant, Mordecai Richler, Alice Munro, Margaret Atwood, Michael Ondaatje, and Thomas King, concluding with young authors of today whose major successes reflect their indebtedness to their Canadian forbearers.

Historical Atlas of Canada: Addressing the twentieth century, 1891-1961 Geoffrey J. Matthews 1987-01-01 Uses maps to illustrate the development of Canada from the last ice sheet to the end of the eighteenth century

Canada and Its Provinces Adam Shortt 1914

A History of the Dominion of Canada John Burgess 1829- Calkin 2016-08-26 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A History of the Canadian Dollar James Powell 2005

Black Canadians Joseph Mensah 2002 The ongoing struggle against racism and discrimination for black Canadians is explored in this authoritative reference for those seeking to learn more about the black diaspora in North America. This work examines more than 300 years of black Canadian history, from the first migration of slaves, black loyalists, and Civil War refugees to the expansive movement brought about by the establishment of the point system in 1967. Venturing beyond established orthodoxies and simplistic solutions to discuss the contentious ethno-racial problems in Canada, this pointed critique addresses the geography of the settlements and the labor market, sports management, race and ethnic relations, and employment equity vis-à-vis the black experience.

A History of Music in Canada, 1534-1914 Helmut Kallmann 1960

A Brief History of Canada Roger E. Riendeau 2007 Presents a concise history of Canada, from the time of early exploration by Europeans to the present day.

A Short History of Canada Desmond Morton 2017-09-12 Most of us know bits and pieces of our history but would like to be more sure of how it all fits together. The trick is to find a history that is so absorbing you will want to read it from beginning to end. With this book, Desmond Morton, one of Canada's most noted and highly respected historians, shows how the choices we can make at the dawn of the 21st

century have been shaped by history. Morton is keenly aware of the links connecting our present, our past, and our future, and in one compact and engrossing volume he pulls off the remarkable feat of bringing it all together – from the First Nations before the arrival of the Europeans to the failure of the Charlottetown accord and Jean Chretien's third term as prime minister. His acute observations on the Diefenbaker era, the effects of the post-war influx of immigrants, the flag debate, the baby boom, the Trudeau years and the constitutional crisis, the Quebec referendum, and the rise of the Canadian Alliance all provide an invaluable background to understanding the way Canada works today.

History of Canada Captivating History 2021-12-29 What do you know about the history of Canada? You might think you know a lot about Canada-especially if you happen to live in North America. But in truth, it's surprising how little most of us know about Canadian history. Even though Canada is just across the border from the United States, Canada tends to get unfairly overshadowed. Nevertheless, Canada's history is a vibrant one. Recorded Canadian history begins with European contact in the 1500s, but there are plenty of rich legends and folklore passed down by Native North Americans that fill in the gaps. This book follows the threads of the many civilizations that made up Canada and their ultimate merging together to forge the rich tapestry that makes up Canada today. The history of Canada is more than first meets the eye, so keep reading to learn more! In this groundbreaking treatise on Canadian history, you will discover: The origins of the First Nations, the artifacts they left behind, and how they are faring today The early French and English settlements and how they interacted with the First Nations Canada's participation in the world wars and the bravery of its soldiers on the battlefield Canada's role during the Cold War and how it acted as one of the first defenses against nuclear threats to North America Canadian independence and how the French speakers in Quebec sought their own independence as well And so much more! Scroll up and click the "add to cart" button to learn more about the history of Canada!

The Natural History of Canada R. D. Lawrence 2005 A classic of Canadian natural history, this completely revised and updated edition offers a masterful blend of personal narrative and meticulous scientific detail. Respected naturalist R.D. Lawrence tells the fascinating story of the vast landscape, the rich plant life, and the incredible range of wild creatures that comprise Canada's nine million square kilometers. Lavishly illustrated throughout with attractive and informative photographs, artwork, and line drawings, *The Natural History of Canada* is an invaluable guide to Canada's natural heritage.

A Concise History of Canada Margaret Conrad 2012-05-28 Margaret Conrad's history of Canada begins with a challenge to its readers. What is Canada? What makes up this diverse, complex and often contested nation-state? What was its founding moment? And who are its people? Drawing on her many years of experience as a scholar, writer and teacher of Canadian history, Conrad offers astute answers to these difficult questions. Beginning in Canada's deep past with the arrival of its Aboriginal peoples, she traces its history through the conquest by Europeans, the American Revolutionary War and the industrialization of the nineteenth and twentieth centuries to its prosperous present. Despite its successes and its popularity as a destination for immigrants from across the world, Canada remains a curiously reluctant player on the international stage. This intelligent, concise and lucid book explains just why that is.

Undiplomatic History Asa McKercher 2019-04-30 When the field of Canadian history underwent major shifts in the 1990s, international history became marginalized and the focus turned away from foreign affairs. Over the past decade, however, the study of Canada and the world has been revitalized. *Undiplomatic History* charts these changes, bringing together leading and emerging historians of Canadian international and transnational relations to take stock of recent developments and to outline the course of future research. Following global trends in the wider historiography, contributors explore new lenses of historical analysis – such as race, gender, political economy, identity, religion, and the environment – and emphasize the relevance of non-state actors, including scientists, athletes, students, and activists. The essays in this volume challenge old ways of thinking and showcase how an exciting new generation of historians are asking novel questions about Canadians' interactions with people and places beyond the country's borders. From human rights to the environment, and from medical internationalism to transnational feminism, *Undiplomatic History* maps out a path toward a vibrant and inclusive understanding of what constitutes Canadian foreign policy in an age of global connectivity.

History of the Book in Canada: Beginnings to 1840 History of the Book in Canada Project 2004-01-01 Impressive in its scope and depth of scholarship, this first volume of the History of the Book in Canada is

a landmark in the chronicle of writing, publishing, bookselling, and reading in Canada.
