Killers of the King Charles Spencer 2014-09-11 January, 1649. After seven years of fighting in the bloodiest war in Britain's history, Parliament had overpowered King Charles I and now faced a problem: what to do with a defeated king, a king who refused to surrender? Parliamentarians resolved to do the unthinkable, to disregard the Divine Right of Kings and hold Charles I to account for the appalling suffering and slaughter endured by his people. A tribunal of 135 men was hastily gathered in London, and although Charles refused to acknowledge the power of his subjects to try him, the death sentence was unanimously passed. On an icy winter's day on a scaffold outside Whitehall, in an event unique in English history, the King of England was executed. When the dead king's son, Charles II, was restored to the throne, he set about enacting a deadly wave of retribution against all those – the lawyers, the judges, the officers on the scaffold – responsible for his father's death. Some of the 'regicides' – the killers of the

king – pleaded for mercy, while others stoically awaited their sentence. Many went into hiding in England, or fled to Europe or America. Those who were caught and condemned suffered agonising and degrading ends, while others saw out their days in hellish captivity. Bestselling historian Charles Spencer explores this violent clash of ideals through the individuals whose fates were determined by that one, momentous decision. A powerful tale of revenge from the dark heart of royal history and a fascinating insight into the dangers of political and religious allegiance in Stuart England, these are the shocking stories of the men who dared to kill a king.

You Gotta Know the Territory Jerome Rabow Ph.D. 2020-01-16 In this fast-paced murder mystery, Detective Joe Zuma returns from his vacation in Cape Code, with his wife, Claudia, a landscape painter, who finds employment as an art teacher in a private school in Santa Monica. Zuma is immediately confronted with the murder of two women, one of whom was a teacher at the same school Claudia is now working in. A parent at the private school is eager to have Claudia work with her child who is depressed. Zuma recognizes the parent as the murder suspect from an earlier crime which Zuma had been unable to secure enough evidence for a trial. Claudia's painting interests are captured by the hobos who live on the bluffs in Santa Monica, an area adjacent to the Pacific Ocean. Her painting of a hobo is stolen, and its investigation leads to the uncovering of drug-selling connections between the hobo, his very rich and successful brother, the murdered teacher and her German-speaking parents, a principal and students, a homeless woman, as well as the murders of three of these characters. Interspersed between the solving of these murders is the romantic bantering of Claudia and the Bob Dylan-loving Zuma and their genuine love. The resolution to the previously unsolved murder involves the transformation of Zuma from a single-minded pursuit of justice to a delicate balancing of justice and mercy.
