Inteligencia Directiva Antonio Oswaldo Ortega Reyes 2014-10-21 ¿Por qué algunos ejecutivos están mejor equipados para llegar al corazón de cuestiones importantes, y anticipar y manejar con firmeza los desafíos que afrontan? Se debe a la Inteligencia directiva, componente vital del juicio de negocios y del liderazgo; una capacidad demostrable para actuar y ejecutar que consiste en una suma de habilidades que distingue a los líderes de negocios más exitosos, y gracias a la cual constantemente: • reconocen y persiguen las oportunidades correctas, • identifican y superan obstáculos, • administran los riesgos potenciales, • analizan situaciones con precisión, • resuelven problemas, • trabajan con y gracias a las personas, y • movilizan a sus organizaciones. En el entorno empresarial de hoy, volátil y muy desafiante, los riesgos de decisiones pobres son mayores que nunca, así que los líderes y ejecutivos deben examinar con cuidado la dirección del mercado, el contexto competitivo y las inversiones en productos y tecnologías. De cara a este panorama, el rol del directivo también debe transformarse: pasar de ser el jefe pasivo y distante a convertirse en un ejecutivo activo e interactivo con respecto a los retos y requerimientos personales, sociales, de la organización y del entorno. ¿Cómo? Con Inteligencia directiva. El crecimiento y el progreso de las instituciones solo pueden ser consecuencia natural del desenvolvimiento humano. Así, la Inteligencia directiva tiene aplicaciones e implicaciones que se traducen en resultados de éxito. Este libro demuestra que toda inteligencia necesita dirección y toda dirección requiere inteligencia.

Habilidades para la vida Eduardo Aguilar Kubli 2002 Los programas de valores, muy necesarios en la comunidad, corren el riesgo de ser sólo

enunciativos. Señalar "el valor del mes" no es suficiente, si no se agregan a las estrategias educativas y de capacitación planes sistemáticos, transformadores, que promuevan el desarrollo real de todo ser humano. Dicho desarrollo deberá mostrarse en la adquisición de mejores habilidades para sortear los problemas de la vida, con calidad. En este libro se plantea el cómo sistemático, aprovechando los criterios y prácticas más accesibles de la inteligencia emocional, el desarrollo humano, las actitudes positivas y los valores, que permiten crecer en capacidad de respuesta a las oportunidades de la vida. Los modelos pasivos de enseñanza están en extinción; cada individuo puede mejorar su respuesta al mundo: aunque éste persista en promover dificultades, la tenacidad se aprende y un día termina por transformarlo.

En el plano mental, la actividad de nuestro cerebro tanto de su hemisferio derecho que genera las emociones y la creatividad, como del izquierdo que genera los pensamientos y el raciocinio deben de funcionar en armonía para que estemos tranquilos, en paz y se vea reflejado en nuestra salud. En el plano espiritual tenemos que ascender continuamente para que la felicidad reine en nuestro organismo En el plano social, la interacción con las otras personas es determinante para nuestra salud. Vivir en pareja es uno de los retos más grandes de todos los tiempos, entonces una relación saludable es de gran beneficio. La familia que formamos a partir de nuestra relación de pareja determina la salud no solo de nuestros hijos y de nosotros sus padres, sino tiene repercusión en la sociedad, ya que una familia sana es la base de una sociedad sana, que en la actualidad es un imperativo impostergable. What about Your Saucepans? Lindsay De Feliz 2013-02 Lindsay de Feliz walked away from an enviable lifestyle - marriage, successful career, expensive holidays, designer clothes, fast cars - to pursue her dream of being a SCUBA diving instructor. She could not have predicted the journey ahead when she arrived in the heat, sunshine and vibrant culture of the Dominican Republic. She found love, a ready-made family and - despite being shot in a bungled robbery - a desire to help the Dominican people, many living in abject poverty. She supported her husband as he ran for political office and with Lindsay by his side they were a formidable team. As the campaign gathered momentum, they learnt the hard way what happens when you oppose those in power. Fighting corruption, double-dealing and with their lives at risk, they were forced into hiding. Their incredible story is stranger than fiction and twice as menacing. The dark underbelly of the Dominican Republic is exposed, from the tourist beaches to the soaring mountains of the interior. Lindsay tells it how it is, but in the telling her deep love for the Dominican Republic, its culture and its people shines through. "What About Your Saucepans? is not only essential reading for anyone moving to the Dominican Republic, it's also a damn good read. Lindsay de Feliz's fight against political corruption, being shot and almost losing everything is one of the most inspiring expat stories I have ever read." Jamie Morris, Founder, ExpatFocus.com "Despite the incredible setbacks she has faced, Lindsay's love and loyalty for her adopted country radiate through this entertaining chronicle of her eventful life in the DR." Ilana Benady, co-author, Expat FAQs: Moving to and Living in the Dominican Republic (Summertime Publishing 2011) "Lindsay's adventures in the DR will shock and amuse in equal measure, and her vast knowledge of the country makes this a hugely entertaining memoir." Redimida por la gracia Ramona Treviño A los ocho años de edad, Ramona Treviño se trepó a un techo y allí le rogó a Dios que le diera una prueba de su existencia. Cuando recibió una señal, hizo un pacto consigo misma de seguirle siempre. Pero las dificultadas familiares y sufrimientos le hicieron difícil permanecer en ese camino. Cuando tenía 16 años quedó embarazada, dejó la secundaria y se casó con un hombre abusador, de quien finalmente se divorció. Su afán de querer ayudar a muchachas que pasaban por situaciones parecidas, la llevó a aceptar un trabajo como gerente de una sucursal de Planned Parenthood. Con el tiempo, sin embargo, Ramona comenzó plantearse la idea de si en realidad estaba dañando más a las mujeres que ayudándolas y decidió emprender un camino hacia la verdad—llevara donde la llevara. Realizando que no podía seguir remitiendo mujeres a abortar o brindarles falsas garantías sobre sexo libre-de-riesgo, Ramona, en un acto de fe, renunció a su empleo dejando atrás su seguridad económica. Su conversión definitiva culminó con su regreso a la fe Católica de su infancia y con su nuevo papel de conferencista y defensora pro-vida. Esta impactante historia cuanta la lucha de Ramona por conciliar su identidad como hija de Dios con un mundo lleno de mensajes conflictivos acerca de la fuente de nuestra dignidad y felicidad. Es la franca y sentida narración de una mujer que, con la ayuda de la gracia, luchó por sanar sus heridas del pasado mientras se convertía en agente de sanación para otros.

Teaching Translation from Spanish to English Allison Beeby Lonsdale 1996 While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.
