Wayward Witch Samantha Bell 2020-02 "I'm the most powerful witch of my generation. I'll die before I let these bullies have their way." Most people in Woodlock's Home for Magical Delinquents swear they don't belong here - well, I do. If someone asked me if I was a good witch or a bad witch, I'd tell them that I'm the worst witch they could ever imagine. My parents are wanted fugitives, and now I've been abandoned in the magical world's equivalent of juvenile hall. At Woodlock's, we're supposed to be rehabilitated into model magical citizens, but the teachers are weak and the bullies run the show. Three dangerously hot sorcerers - Blake, Knox, and Zane - have me in their sights, but I'll show them that this bad witch doesn't kneel to anyone - especially the Sons of Hell. - Wayward Witch is a stand-alone reverse harem bullies-to-lovers romance. A full length supernatural reform school/ prison romance. Contains profanity, violence, and situations that may be triggering for some readers. **SCROLL UP AND PRE-ORDER NOW!**

Hand to Eye Angus Hyland 2003-12-23 A sequel to the highly successful Pen & Mouse, Hand to Eye features forty-five illustrators from around the world. Including both commissioned artwork and experimental projects, the work collected here shows that cutting-edge computer illustration is still thriving and continues to push

boundaries. In the last two years, however, there has been a noticeable move towards a handcrafted style, perhaps a logical reaction to the torrent of digital imagery. More and more image-makers are turning to traditional tools and techniques, and their methods vary widely: some work solely with pen, pencil and paint; others create images using tapestry and embroidery, and many incorporate digital elements into handmade art. Hand to Eye reflects these diverse approaches to image-making, from the cleanness of slick, vector-based work, through photorealism, to a lo-fi, handcrafted aesthetic; from exquisitely detailed, brightly coloured collages to simple, single-colour sketches.

A Ruler's Consort in Early Modern Germany Judith P. Aikin 2016-12-05 The wives of rulers in early modern Europe did far more than provide heirs for their principalities and adornment for their courts. In this study, Judith Aikin examines the exceptionally well-documented actions of one such woman, Aemilia Juliana of Schwarzburg-Rudolstadt (1637-1706), in order to expand our understanding of the role of ruler's consort in the small principalities characteristic of Germany during this period. Aikin explores a wide range of writings by her subject, including informal letters to another woman, hundreds of devotional song texts, manuscript books both devotional and practical, and published pamphlets and books. Also important for this study are the plays, paintings, and musical works that adorned the court under Aemilia Juliana's patronage; the books, poems, and sermons published in her honor; and the massive memorial volume printed and distributed soon after her death. This material, when coupled with the more scanty record in official documents, reveals the nature and scope of Aemilia Juliana's role as full partner in the ruling couple. Among the most important findings based on this evidence are those related to Aemilia Juliana's advocacy for women of all social classes through her authorship and publications, her support for the education of girls, her efforts to ameliorate the fear and suffering of pregnant and birthing women, and her contributions to female support networks. In examining the career of a consort whose various activities are so well documented, this study helps to fill in the blanks in the documentary record of numerous consorts across early modern Europe, and serves as a model for future research on other consorts at other courts.

Woman and the Divine Republic

Leo Miller 1874

Killers of the King Charles Spencer 2014-09-11 January, 1649. After seven years of fighting in the bloodiest war in Britain's history, Parliament had overpowered King Charles I and now faced a problem: what to do with a defeated king, a king who refused to surrender? Parliamentarians resolved to do the unthinkable, to disregard the Divine Right of Kings and hold Charles I to account for the appalling suffering and slaughter endured by his people. A tribunal of 135 men was hastily gathered in London, and although Charles refused to acknowledge the power of his subjects to try him, the death sentence was unanimously passed. On an icy winter's day on a scaffold outside Whitehall, in an event unique in English history, the King of England was executed. When the dead king's son, Charles II, was restored to the throne, he set about enacting a deadly wave of retribution against all those – the lawyers, the judges, the officers on the scaffold – responsible for his father's death. Some of the 'regicides' – the killers of the king – pleaded for mercy, while others stoically awaited their sentence. Many went into hiding in England, or fled to Europe or America. Those who were caught and condemned suffered agonising and degrading ends, while others saw out their days in hellish captivity. Bestselling historian Charles Spencer explores this violent clash of ideals through the individuals whose fates were determined by that one, momentous decision. A powerful tale of revenge from the dark heart of royal history and a fascinating insight into the dangers of political and religious allegiance in Stuart England, these are the shocking stories of the men who dared to kill a king.
