The 'Made in Germany' Champion Brands Ugesh A. Joseph 2016-03-09 Germany's economic miracle is a widely-known phenomenon, and the world-leading, innovative products and services associated with German companies are something that others seek to imitate. In The 'Made in Germany' Champion Brands, Ugesh A. Joseph provides an extensively researched, insightful look at over 200 of Germany's best brands to see what they stand for, what has made them what they are today, and what might be transferable. The way Germany is branded as a nation carries across into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation. Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'. These innovative and successful enterprises from a wide range of industries and product / service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today. The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars. All these companies are supported and encouraged by a sophisticated infrastructure of facilitators, influencers and enhancers - the research, industry, trade and standards organizations, the fairs and exhibitions and all the social and cultural factors that influence, enhance and add positive value to the country's image. Professionals or academics interested in business; entrepreneurship; branding and marketing; product or service development; international trade and business development policy, will find fascinating insights in this book; while those with an interest in Germany from emerging industrial economies will learn something of the secrets of German success.

Torque 2008-05 Singapore's best homegrown car magazine, with an editorial dream team driving it. We fuel the need for speed!

Original MGB Anders Ditlev Clausager 2011-02-01 The MGB, the epitome of the British sports car, has attracted a huge following because of its blend of good looks, practicality and decent road manner. During its 18-year production life, from 1962 to 1980, it underwent a bewildering number of changes to specification and equipment. An owner or restorer of an MGB wants to know where their car came in the cycle of production and thus what it should look like and what parts should be fitted, from tail lamps to door handles. Answers to all these questions can only be found in this book, with detailed color photography of the complete range of the cars.
