The Finnish-Soviet Winter War 1939–40 David Murphy 2021-09-16 This informative study explores the Soviet invasion of Finland, detailing the events of the Winter War of November 1939 to March 1940. The invasion was expected to be swift and decisive, however, the fighting qualities of the Finnish Army blunted the Soviet advance and inflicted high numbers of casualties. A combination of difficulties caused by the weather, the terrain, the Mannerheim Line defences and Finnish tactics resulted in a fascinating David vs Goliath type struggle. On 23 August 1939, a secret protocol was appended to the German–Soviet Non-Aggression Pact; as part of this, Finland was assigned to the Soviet sphere of influence. On 30 November that year, in an effort to protect against renewed German aggression in the East, the Soviet Union attacked Finland, beginning what became known as the Finnish-Soviet Winter War. This long-awaited addition to the Campaign series explores the events of the war of November 1939 to March 1940. Set against the background of the developing global conflict, the conflict saw the Finnish Army thwart the plans of the sizeable Soviet forces assembled against it, before finally being forced to concede. The major battles of the war, which took place in harsh winter conditions, are covered in detail, including the Mannerheim Line, the fighting in Ladoga Karelia and Kollaa, and the clashes in Finnish Lapland.

p-i-l-a-t-e-s Instructor Manual Mat Work Level 5 Variations Catherine Wilks 2016-05-06 This is the last manual for the p-i-l-a-t-e-s Instructor Manual Mat Work series. This manual has 25 detailed exercises to assist Instructors to progress their clients and mat classes. This manual expands on the traditional mat created by Joseph H Pilates. Its variations increase the fitness of the traditional mat or add variation to the routine. The p-i-l-a-t-e-s 6 Mat Manuals contain 200 exercises and progressions. Each exercise has a detailed description, contra-indications, basic anatomy, technical points and repetitions.

Each section includes: What the Research Says Collaborative Skills and Structures Teaching Strategies Assessment Tips Supports for English Language Learners Canadian Student Samples with modelled Teacher Feedback Line Masters and a Companion Website

Motorcycle Electrical Systems Tracy Martin 2007

Prince2 Foundation Training Manual Van Haren Publishing 2017-01-15 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

Stickerbomb 2 Studio Rarekwai 2010-02-10 Stickers are an essential part of the street art movement. Inexpensive and easy to produce, they act as a kind of informal business card for some graffiti writers, and a quick and effective promotional tool for many artists and illustrators. As more and more stickers are placed around major cities in the world, interest in the subject keeps growing. This all new follow on from the original Stickerbomb book is filled with a brand-new collection of 280specially-commissioned stickers by artists, illustrators, and graffiti writers from around the world, many of whom have not been featured in a publication before. It will appeal to a young market of designers, street artists, and illustrators, plus street art fans and anyone who collects stickers.

Loose-Leaf Version for Fundamentals of Abnormal Psychology Ronald J. Comer 2018-12-31 The #1 bestselling author of introductory textbooks in abnormal psychology, Ron Comer is remarkably skillful at communicating the scientific foundations, the clinical realities, and the human cost of psychological dysfunction. In this new edition of his brief text, Comer again draws on his experience as an educator, researcher, and practicing therapist to cover the basic concepts of psychopathology in a way that is scientifically sound, widely accessible, and extraordinarily empathetic. The new edition features Comer's signature integration of theory, diagnosis, and treatment, as well as his broadly inclusive cross-cultural perspective. In addition to updated coverage throughout, it offers a number of features created under Comer's supervision that bring fresh, effective new teaching approaches to the text and accompanying media, including infographics (large-scale step by step illustrations of complex concepts), video case studies and activities, and the new online feature, Clinical Choices, which puts students in the role of clinical psychologist.

Capital Ideas Jeffrey M. Chwieroth 2009-12-14 The right of governments to employ capital controls has always been the official orthodoxy of the International Monetary Fund, and the organization's formal rules providing this right have not changed significantly since the IMF was founded in 1945. But informally, among the staff inside the IMF, these controls became heresy in the 1980s and 1990s, prompting critics to accuse the IMF of indiscriminately encouraging the liberalization of controls and precipitating a wave of financial crises in emerging markets in the late 1990s. In Capital Ideas, Jeffrey Chwieroth explores the inner workings of the IMF to understand how its staff's thinking about capital controls changed so radically. In doing so, he also provides an important case study of how international organizations work and evolve. Drawing on original survey and archival research, extensive interviews, and scholarship from economics, politics, and sociology, Chwieroth traces the evolution of the IMF's approach to capital controls from the 1940s through spring 2009 and the first stages of the subprime credit crisis. He shows that IMF staff vigorously debated the legitimacy of capital controls and that these internal debates eventually changed the organization's behavior--despite the lack of major rule changes. He also shows that the IMF exercised a significant amount of autonomy despite the influence of member states. Normative and behavioral changes in international organizations, Chwieroth concludes, are driven not just by new rules but also by the evolving makeup, beliefs, debates, and strategic agency of their staffs.

Go for Gold John C. Maxwell 2008-04-01 If you've read any of John C. Maxwell's books on leadership, you know that leadership is developed daily, not in a day. That's why he's created Go for Gold,a daily companion to Leadership Gold. It's designed to help supercharge your growth as a leader. Killers of the King Charles Spencer 2014-09-11 January, 1649. After seven years of fighting in the bloodiest war in Britain's history, Parliament had overpowered King Charles I and now faced a problem: what to do with a defeated king, a king who refused to surrender? Parliamentarians resolved to do the unthinkable, to disregard the Divine Right of Kings and hold Charles I to account for the appalling suffering and slaughter endured by his people. A tribunal of 135 men was hastily gathered in London, and although Charles refused to acknowledge the power of his subjects to try him, the death sentence was unanimously passed. On an icy winter's day on a scaffold outside Whitehall, in an event unique in English history, the King of England was executed. When the dead king's son, Charles II, was restored to the throne, he set about enacting a deadly wave of retribution against all those – the lawyers, the judges, the officers on the scaffold – responsible for his father's death. Some of the 'regicides' – the killers of the king – pleaded for mercy, while others stoically awaited their sentence. Many went into hiding in England, or fled to Europe or America. Those who were caught and condemned suffered agonising and degrading ends, while others saw out their days in hellish captivity. Bestselling historian Charles Spencer explores this violent clash of ideals through the individuals whose fates were determined by that one, momentous decision. A powerful tale of revenge from the dark heart of royal history and a fascinating insight into the dangers of political and religious allegiance in Stuart England, these are the shocking stories of the men who dared to kill a king.

p-i-l-a-t-e-s Instructor Manual Reformer Level 1 Catherine Wilks 2016-05-06 p-i-l-a-t-e-s Reformer Teacher Training Manual - The first of 5 Reformer programs including a comprehensive introduction to the Reformer, 46 Beginner Exercises that are a safe and effective introduction for new Pilates Reformer clients.
